Before arrive to Lovina we will visit the village of Bedugul, located in the jungle area of the island. This part of the island is colder, so the Balinese take advantage of Bedugul to plant vegetables and cereals. This is why the market of this village - that we will visit in the morning - has special colours. Later on, we will visit the Ulun Danau Bratan Temple, situated by the Lake Bratan. Arrival at Lovina late afternoon.

Waterfall voice around the charming nature is amazing. There are some plantations protecting the rain forest around the Gitgit waterfall and in this place we often met the wild monkey to get the water from Gitgit Waterfall.

The Gitgit waterfall consists of several waterfalls with different shapes and heights. Halfway along the way the scene changes and on both sides you can see coffee and clove trees. It is a refreshing experience to walk in this quiet area where the birds take turns to sing. The air is cool and gradually gets colder when you approach the waterfall. A short distance from the waterfall, the fine water spray will cool your body. An amazin adventure!
